PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1a.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

This installation is located in Ordzhonikidze, 750 meters east of the Terek River and 600 meters west of the city stadium (Figure 1). Covering an area of 34 acres, it contains a U-shaped administration building, 3 barracks, 2 support buildings, and 7 vehicle storage/maintenance buildings (Figures 2 and 3). Although vehicles at this installation cannot be identified as to type, armored vehicles, if present, would probably utilize the range and driver-training facilities of Ordzhonikidze Military Training In-

stallation East at 43-02-37N 044-43-28E.

Possibly associated with this installation is a double-fenced ammunition storage area located 1,400 meters to the east. This area covers 25 acres and contains 2 revetted storage buildings, 2 support buildings, and 2 security buildings.

KEYHOLE missions covered this installation between

A comparison of photography reveals no significant changes.
